Transport Department continuously striving hard to ensure proper public transport service

Sri Vijaya Puram, Dec. 11

In compliance to the direction of Govt. of India and subsequent de-registration of older buses, there has been short fall in the Islands with regards to the number of available fit buses especially in the jurisdiction of North and Middle Andaman including Rangat Tehsil despite procuring 35 new buses in past 02 years.

This has caused inconvenience to the commuters in the area even though Transport Department is utilising all its resources for the operation of buses. Sensing the difficulties being faced by the commuters, Department after rationalisation of resources has now shifted 05 (Five) more buses to Rangat from other STS Units. Transport Department is also ensuring the fact that all the buses undergo stringent preventive maintenance routine daily after completion of the scheduled trips.

Ten buses attached to 4 STS Units i.e. Diglipur, Mayabunder, Rangat and Baratang were off road in the North & Middle Andaman District. This crisis resulted in suspension of scheduled

bus services in some routes and caused inconvenience to commuters. Spares were arranged immediately and all these buses have now been made roadworthy by the midnight of 07.12.2024. Now all the scheduled bus routes are operating in these STS Units.

New as well as buses in good running condition have been identified and it will be transported to Hut Bay & Car Nicobar and the Department has been taking efforts to send the buses to these Islands with the available ship for which necessary tender has already been floated. Transport Department is continuously striving hard to ensure proper public transport service not only with the available resources but also has expedited plans for augmentation of buses by

procuring new buses.

Additionally, Transport Department is also exploring possibilities to create skilled manpower locally in the Southern group of Islands and other remote areas by imparting training to the candidates selected through adequate publicity in the departmental workshops. All efforts are being taken by the Department to ensure uninterrupted public transport services and last mile connectivity.

Inconvenience, if any being faced by the commuters in this regard may kindly be reported to the local STS Office or the Control Room of Transport Department in the Contact No. 03192-230259, a press release from Transport Department said.

'Desh Ka Prakriti Parikshan Abhiyaan' campaign being implemented by AYUSH**Citizens appealed to get their 'Prakriti' assessed for healthy living**

Sri Vijaya Puram, Dec. 11

The Hon'ble Prime Minister has launched a nationwide campaign 'Desh Ka Prakriti Parikshan Abhiyaan', which aims to assess Prakriti (based on Ayurveda principles) of over one crore citizens of the country through a dedicated mobile application. Prakriti Parikshan is an Ayurvedic examination to identify a person's natural constitution, which is a combination of physical, mental and emotional characteristics. Prakriti determine an individual's reaction to environmental circumstances, lifestyle choices, medications and illness susceptibility, making it one of the earliest known concepts in preventive and personalized genomic medicine. A person's natural state is referred to as their Prakriti. Every person has a fixed Prakriti that is created by the situation of

Tridosha at the time of the union of the sperm and ovum inside the uterus, according to Ayurveda, which categorizes people based on their Prakriti. The increasing incidence of lifestyle diseases has become a significant public health concern and continues to be the leading cause of death worldwide. Ayurvedic concepts can be used effectively in the prevention and treatment of lifestyle disorders. This approach aligns with modern P5 medicine principles-predictive, preventive, participatory and precision medicine.

The month long Prakriti Parikshan campaign is being implemented in A & N Islands by the AYUSH Wing of DHS and National Ayush Mission through Medical Officers/Practitioners (Ayush) as Prakriti assessors. Following the assessment, participants will receive on-going Health advice aimed at promoting positive health outcomes. Participants will pledge to adopt a healthier lifestyle and have an opportunity to be part of setting several Guinness World Records, including the largest online photo album of individuals with Prakriti certificates,

the most pledges for a health campaign, and the largest video album of participants sharing a campaign message. This campaign is your chance to understand your Prakriti, adopt personalized health practices, and join a nationwide movement for wellness.

People have been appealed to contact the nearest AYUSH Centres situated across the Islands to get their Prakriti (based on Ayurveda principles) assessed. Soil testing - a critical component in agricultural productivity & environmental management**Farmers urged to get soil assessed for issuance of Soil Health Card under Soil Health & Fertility component of RKVY**

Sri Vijaya Puram, Dec. 11

Soil testing is a critical component in agricultural productivity and environmental management. It helps determine the nutrient content, composition, and other characteristics such as the pH level and contamination levels of the soil. This information is essential for farmers and agronomists to make informed decisions about soil management and crop production.

The Govt. of India mandates recognizing the Government Soil Testing Laboratory through the National Accreditation Board for Testing and Calibration Laboratories (NABL) and aims to uphold the standards of soil testing laboratories, thereby supporting agricultural

and environmental management with high-quality and reliable soil analysis. NABL ensures that the laboratories have infrastructure and processes, so that the test results and reports issued by soil testing laboratories maintain the quality of soil data used for Soil Health Cards.

The Soil Testing Laboratory (STL), Goal Ghar, Sri Vijaya Puram under Directorate of Agriculture, satisfactorily participated in the Proficiency Testing (PT) program conducted by accredited PT provider as per ISO/IEC 17043 and test parameters covered in the last one-year in PT programs were considered for recognition and accordingly, have achieved recognition for

Eight parameters from NABL. This was made possible by the team of Officials in STL working under the leadership of the Director of Agriculture and the mentorship of Secretary (Agri.), A&N Administration. This will boost the laboratory's capabilities and Administration's commitment in its role in advancing agriculture standards and practices in these Islands.

During this financial year of 2024-25, MoA&FW, INM Division has allotted a

target of 10,000 Nos. of soil samples from various villages of all the zones. Accordingly, a zone-wise target has been allotted, and staff have been authorized for the collection of soil samples through the SHC Mobile app in the farmers field. In a press release, the Department of Agriculture has requested the farmers to contact the Zonal Agriculture Office to get their soil collected and analyzed to obtain the Soil Health Card with proper recommendation.

Awareness prog. on 'Gender equality & WCD Control Room' organized at ANCOL

Sri Vijaya Puram, Dec. 11

The Women Helpline 181 under the Directorate of Social Welfare organized awareness programme at Andaman College, Nayagaon on 'Gender Equality and WCD Control Room and its aims' on Nov. 29 under the Directorate of Social Welfare as conveyed by the Ministry of Women and Child Development to organise 'Awareness campaign for eliminating gender based violence' from 25th November to 10th

December.

The awareness programme was addressed by Advocate Smti. Suparna Biswas, practicing lawyer of A&N Islands. As a resource person, she shared her knowledge with the students and with the faculties of various Departments. She also shared her views on gender equality which not only mean equal rights for women, but also for men.

Call Operators, Miss. Jenis Kujur (CO) and Smti. Depali Biswas

(CO) enlightened about Women Helpline 181 under Mission Shakti scheme which intends to provide toll free 24x7 immediate and emergency response to women affected by violence through referral linking with appropriate authority such as police, OSC, hospital and provide information about women related Government schemes programs across the country through a single uniform number, a press release from Directorate of Social Welfare said.

PS Pahargaon enforces zero tolerance in drug control: seizes 11 cannabis plants; one arrested

Sri Vijaya Puram, Dec. 11

The team of Police Station Pahargaon has once again demonstrated its commitment and effectiveness in the ongoing fight against drugs. Upholding a zero tolerance policy towards drug-related offenses, on 09/12/2024, the police successfully seized 11 Cannabis (Ganja) plants and arrested one

individual under the Narcotic Drugs and Psychotropic Substances Act, 1985.

The information provided indicated that a person named Pankaj Sil (a barber) was engaged in the cultivation of Cannabis plants behind his residence near Qua Spa, Garacharma. Immediately, a raiding team was constituted

and the team conducted raid at the specified location and during the operation, 11 cannabis plants weighing approximately 594 grams were seized. The accused, Pankaj Sil was arrested and brought before the law. A case has been registered under the NDPS Act, 1985, a press release from SP (SA) said.
