Where to go in 2025: The best places to visit **CNN Travel lists out 25 destinations**; **A&N Islands features 2nd in the list** among global destinations

The world is bigger and more connected than it has been before at any point in human history. Modern airplanes can whiz people from New York to Singapore or from London to Cape Town, journeys that would have taken weeks or months in previous generations. But sometimes too much choice can be paralyzing. We're in the era of FOMO- Fear Of Missing Out. Social media makes it seem like every person you've ever met is on an exotic vacation at any given time, so how do we choose which places to visit?

CNN Travel's belief is that every place has reasons that make it worth visiting. However, CNN's staff has curated a list of 25 destinations which are particularly worth visiting in 2025. Featuring among the 25 destinations is the Andaman & Nicobar Islands, which stands 2nd in the list to visit.

Andaman and Nicobar Islands, India

Located far across the Bay of Bengal, the Andaman & Nicobar Islands, the Union Territory of India has launched the first scheduled international passenger flight from Kuala Lumpur, Malaysia, to the Islands' capital-Sri Vijaya Puram on Nov.16, 2024. The lucky people who have been to A&N Islands often compare this string of Islands to the Maldives. One can expect fresh juices, chai and breakfast parathas at locally owned cafes, barefoot beaches as far as the eye can see and watersports activities such as snorkeling and kayaking. Barren Island, home to India's only live volcano, is accessible via private boat and Swaraj Dweep, just a ferry ride from Sri Vijaya Puram, is a scuba diver's dream. (Source: CNN Travel)
