Federation of India (NAFED) and Consumer Cooperative Institutions will also procure 4 types of Pulses at 100 per cent MSP. He said that we should promote 'Cooperation among Cooperative' institutions. He said that if we do all the economic transactions of the cooperative sector within the cooperative sector itself, then we will not need to bring a single penny from outside the cooperative sector. The Minister of Cooperation urged National Bank for Agriculture and Rural Development (NABARD) and all the State Cooperative Banks across the country that every Primary Agriculture Credit Society (PACS) and other Cooperative Institutions should open their account in the District Cooperative Bank or State Cooperative Bank, which will not only strengthen the cooperative sector but will also increase capital and confidence.

Union Home Minister and Minister of Cooperation said that Prime Minister, Shri Narendra Modi has given the slogan of 'Sahkar se Samridhhi' to the cooperative sector of the country. He said that in the last 10 years, Prime Minister Modi emancipated 30 crore people from poverty and freed them of their worries of daily needs. He said that PM Modi has provided facilities like house, electricity, toilet, drinking water, 5 kg free food grains and gas cylinder to crores of poor people of the country. Shri Shah said that now these crores of poor people want to contribute to the development of the country but they do not have capital. He said that the only way to contribute to the development of the country and to develop oneself without capital is cooperation. Shri Shah said that the only objective behind the mantra of 'Sahkar se Samridhhi' given by Prime Minister, Shri Narendra Modi is to bring confidence, happiness and prosperity in the lives of these 30-crore people who are backward even after 75 years of independence.

Shri Amit Shah said that the Union Ministry of Cooperation has taken many important steps for the cooperative sector. He said that the Government has set a target that there should not be any State or district in the country where there is not a viable district cooperative bank and a viable district milk producer union. He said that only by doing this we will be able to expand the cooperative sector and make every rural and poor person prosperous. Shri Shah said that for this we have envisioned a Cooperative Panchayat. He said that even today there are 2 lakh Panchayats in the country where there is not a single cooperative institution. He said that we have set a target that in the next 5 years we will work to create multipurpose PACS in these two lakh Panchayats. Shri Shah said that the Government has also made model bylaws for PACS and despite PACS being a state subject, every State from Kashmir to Kanyakumari and Assam to Dwarka has accepted these model bylaws. Shri Shah said that the Government has also worked towards making PACS multi-purpose and today, out of 65,000 functional PACS in the country, 48,000 have taken initiatives towards becoming viable by adding some new activity to themselves.

Shri Amit Shah called upon the workers of the cooperative sector across the country and asked them to make cooperatives a strong pillar of the country's economy. He said that we not only have to make cooperatives a strong pillar but also work to instil facilities, prosperity and self-confidence in the lives of crores of poor people of the country through this sector. Shri Shah expressed confidence that on the day when International Day of Cooperatives will be celebrated in 2029, there will not be a single Panchayat in the country where there will not be a PACS. He said that we all have to come together to make Prime Minister, Shri Narendra Modi's dream come true and take cooperatives forward to serve the poor.
