Divya Deshmukh scripts history to become first Indian woman to win Chess World Cup

New Delhi, July 28

In a historic moment for Indian chess, 19-year-old Divya Deshmukh etched her name in the record books by winning the FIDE Women's World Cup 2025. Facing off against veteran Koneru Humpy in an all-Indian final in Baku, Divya clinched the title 1.5-0.5 in the rapid tie-breaks, becoming the first Indian woman to win the coveted crown.

The classical games played over the weekend had ended in tense draws, with both players showcasing resilience and elite-level play. In Saturday's opening game, Divya, playing with the white pieces, built a

commanding position but allowed Humpy to equalise late. The second game on Sunday was more balanced, though Divya admitted she had "wandered into trouble for no apparent reason" before managing to hold on.

But the tie-breaks were where the young sensation flipped the script. After the first rapid game ended in a

draw, the second saw Humpy crack under time pressure, making critical blunders that Divya capitalised on. With nerves of steel, Divya closed out the win to become the 2025 Women's World Cup champion - the fourth Indian woman to earn the Grandmaster title and the country's 88th GM overall.
