India's Great Nicobar project aims to be the Jebel Ali of the east, says maritime historian

Approved by the Union Cabinet in 2021, the Holistic Development of Great Nicobar Island aims to turn a remote, island into a bustling transshipment and trade hub. It covers 166 sq km - roughly 10% of the island's area - and combines four massive components.

When Dubai built the Jebel Ali Port in the late 1970s, skeptics called it a folly in the desert. Today, it is the cornerstone of the Gulf's economic success. Drawing that parallel, maritime historian Nick Collins wrote on X, "When Dubai built Jebel Ali, many thought it madness. Now it anchors the Gulf economy. India's

Nicobar project may not be as momentous, but it's a bold move and part of a potential maritime focus in which Delhi's bureaucracy lets I n d i a n entrepreneurship take India forward." His words capture the ambition behind India's Rs 72,000-crore Great Nicobar Project,

one of the country's most audacious infrastructure ventures in recent decades. Strategic Bet Approved by the Union Cabinet in 2021, the plan covers 166 sq km - roughly 10% of the island's area - and combines four massive components: ▶ A transshipment port

at Galathea Bay, capable of handling up to 14.5 million TEUs (20-foot equivalent units) annually, intended to rival Singapore's throughput near the China-influenced Malacca Strait, which channels nearly a quarter of global trade. ▶ A greenfield

international airport with a 3,300-metre runway for wide-body aircraft, improving connectivity to India's eastern seaboard and beyond. ▶ A 450 MW power plant, blending gas-based and solar energy to ensure energy independence. ▶ A planned township spanning 16,569 hectares, designed to accommodate up to 65,000 residents, including workers and migrants. The project, led by the Andaman and Nicobar Islands Integrated Development Corporation (ANIIDCO), is envisioned to unfold over 30 years. (Contd. on last page)

Andaman administration to launch round-voyage cruise service to India's only active volcano

Sri Vijaya Puram, Oct. 12 The Andaman and Nicobar administration will soon launch a round-voyage cruise service from Sri Vijaya Puram to India's only active volcano at Barren Island, an official said. This service from Sri Vijaya Puram would provide a unique experience to tourists,

offering them spectacular views of the lone active volcano in the Indian sub-continent, the official said. Nearly 140 km away from Sri Vijaya Puram by sea, the Barren Island an uninhabited Island lies at the junction of the Indian and

Burmese tectonic plates. The total area of Barren Island is 8.34 square kilometre and the nearest habitation is Swaraj Dweep and Narcondam Look-out Post (LoP), which is nearly 140-150 km respectively from Barren Island. (By Sujit Nath- Source: www.ptinews.com)

Tourism Department to organize Public Lecture on Sustainable Tourism

Sri Vijaya Puram, Oct. 12 As part of its ongoing Lecture Series on Sustainable Tourism, the Directorate of Tourism will be organizing a Public Lecture on the topic 'The Island Way of Tourism' by Ms. Diksha Dikshit, noted Marine Biologist and Naturalist, on Oct. 13, 2025 at 11 AM in the Conference Hall of the Directorate of Disaster Management. The lecture aims to promote awareness and

understanding of sustainable tourism practices suited to the fragile island ecosystem and marine biodiversity of the A&N Islands. Ms. Dikshit will share her insights on community participation, responsible tourism, and conservation-oriented approaches that define the "Island way" of harmonizing tourism with nature. General public, students, tourists, scuba diving operators, and

nature lovers have been invited to attend the session and participate in this interactive discussion on sustainability and island ecology. This initiative is part of the Department's broader effort to encourage responsible tourism practices and position the A&N Islands as a model for sustainable and nature-based tourism, a press release from Tourism Department said.

Hon'ble MP expresses deep sorrow over death of a person in Swadesh Nagar

Sri Vijaya Puram, Oct. 12 Shri Bishnu Pada Ray, Hon'ble Member of Parliament, Andaman & Nicobar Islands, has expressed deep sorrow over the tragic death of Shri Barun Mazumder, a resident of Dharmapur under Shivapuram Gram Panchayat, who

lost his life on 5th October, 2025 after being swept away by floodwaters while returning home. The Hon'ble MP d e m a n d e d compensation and ex-gratia relief to the family of late Shri Barun Mazumder and sanction of funds and

land clearance for the Lakhi Nallah bridge project. He also urged for a temporary crossing arrangements (wooden bridge) at Loukhi Nallah to ensure public safety until the permanent bridge is completed, a press release from MP Office said.

Ministry of Health and Family Welfare issues advisory on rational use of cough syrups in children

Sri Vijaya Puram, Oct. 12 The Ministry of Health and Family Welfare has issued an advisory to all States and Union Territories regarding the rational use of cough syrups in the paediatric population, emphasizing patient safety and responsible prescribing practices. The Healthcare Professionals and the general public have been advised to avoid unnecessary use of cough and cold preparations in young children. As per the advisory, cough and cold medications should not be prescribed or dispensed to children under 2 years. These are generally not recommended for ages below 5 years and above that, any use should follow careful clinical evaluation, with close supervision and strict adherence to appropriate dosing, the shortest effective duration and avoiding multiple drug combinations. Most acute cough illnesses in children are self-limiting and often resolve without Pharmacological intervention. The public have been advised to adopt Non-pharmacological methods including adequate hydration, rest and other supportive measures as the first line of approach. In addition, all healthcare facilities and clinical establishments have been instructed to ensure that only products manufactured under Good Manufacturing Practices (GMP) and containing pharmaceutical-grade excipients are procured and dispensed, a press release from DHS said.

ANPCC extends deadline for industrial units to obtain direct CTO till Oct. 31

Sri Vijaya Puram, Sept. 12 The Andaman and Nicobar Pollution Control Committee (ANPCC) has extended the deadline for industrial units that were established or operated without prior pollution clearance to regularize their operations. In its XXXIV meeting held in May 2025, the Committee decided to allow such units to apply for Consent to Operate (CTO) directly-without obtaining prior Consent to Establish (CTE)-till 31st October, 2025. As per the Water

(Prevention and Control of Pollution) Act, 1974, and the Air (Prevention and Control of Pollution) Act, 1981, no industry is permitted to be established or operated without obtaining CTE and CTO from the State Board. Furthermore, under the E n v i r o n m e n t (Protection) Act, 1986, compliance with these regulations is mandatory. The ANPCC has observed that several industrial units in the Andaman and Nicobar Islands have been set up and are operational

without acquiring the necessary pollution consents. This constitutes a violation of the aforementioned Acts. While a previous compliance window was provided to such units, the committee continues to receive CTO applications without prior CTE, prompting the extension. The CTO will be issued only if the industrial unit meets all a p p l i c a b l e environmental norms. The ANPCC emphasized that no CTO applications will (Contd. on last page)

Knowledge without boundaries Administration's Free Membership initiative boosts footfall at State Library

More students and general public flock to State Library after the praiseworthy initiative

Sri Vijaya Puram, Oct. 12 The State Library under the Directorate of Education, A&N Administration, is witnessing a steady rise in visitors following the launch of its free membership initiative for all Island residents. The move, aimed at promoting a reading culture and making knowledge accessible to all, has drawn enthusiastic response from students and the general public alike. Under this initiative, all Government and Private School students are automatic members of the Library with their school ID cards. For other residents, enrolment is simple, just a

Government-issued ID or Aadhaar Card as address proof along with a passport-size photograph. Since the announcement, the

Library has seen a remarkable increase in footfall, especially among students, young readers, and families exploring books together. The concept

of 'Free Library for All' has brought a new wave of interest in reading and learning in the Islanders. "The response has been very encouraging," said the

Incharge of State Library. "Many new readers are walking in daily, and even regular members are spending more time discovering new titles and resources.", he added. The State Library remains open for m e m b e r s h i p registration and reading between 9 AM and 7 PM, offering a wide range of books, journals, and educational resources to inspire learners of every age. Our Correspondent adds that more visitors are expected to join in the days ahead, as awareness about the free membership continues to spread among residents.

MSJ&E launches 'National Overseas Scholarship'; candidates can submit application through NOS Portal on or before Oct. 24

Sri Vijaya Puram, Oct. 12 The Ministry of Social Justice and Empowerment, Gol has launched a Scheme namely "National Overseas Scholarship" for Educational Empowerment and Socio E c o n o m i c a l Development of students from Disadvantage Sections of the Society. This Schemes support low income students belonging to Scheduled Caste, De-Notified Nomadic and Semi Nomadic Tribes, Landless Agricultural Labourers and Traditional Artisans Communities to pursue higher education in top 500 hundred QS World University ranking

institutions abroad for Master or Ph. D. Degrees. The candidates may submit their application in the NOS Portal (<http://nosmsje.gov.in>) on or before Oct. 24, 2025. Thereafter, the portal shall be opened for 4 days for Oct. 26 to 29 to allow the candidates who have already submitted their applications to make corrections, if any, in the submitted applications. The candidates are adviced to visit the NOS Portal (<http://nosmsje.gov.in>). The eligibility criteria and other details are available in the Scheme Portal, a press release from Directorate of Social Welfare said.

State Library organizes Monsoon Book Reading Festival 2.0

Sri Vijaya Puram, Oct. 12 As part of the month-long Monsoon Book Reading Festival 2.0, held on all Sundays of October 2025, a series of competitions such as Word Building Competition," Picture Hunt and Draw your book for the primary level (Classes I to V) were organized today, by the State Library, Sri Vijaya Puram, functioning under the Directorate of Education. The event aimed to promote reading habits, foster a love for literature and provide a platform for book lovers to come together and share their passion. These activities were specially curated for students from Classes I

to V to nurture creativity and enhance literacy skills among young learners of the Andaman and Nicobar Islands. Students from both Government and Private Schools participated with great enthusiasm and interest. During the prize distribution ceremony, the chief guest, Smti

Archana Singh, Deputy Director, Education (Planning), Directorate of Education interacted with the participants and advised them to make full use of the State Library's facilities, which include a vast collection of children's books, general knowledge materials, fiction, storybooks, and (Contd. on last page)

Art & Culture Department invites applications from Folk or Tribal Artists of A&N Islands for nomination in SZCC, Thanjavur, Ministry of Culture

Sri Vijaya Puram, Oct. 12 The application is for the nomination of one artist as a Member of the Programme Committee of the South Zone Cultural Centre (SZCC), Thanjavur, under the Ministry of Culture, Government of India. The nomination of artists is in accordance with the clause 10.2 (iv) of MoA of SZCC. Interested artists may submit their Biodata with details of achievements by 20th October, 2025 to Director (Art & Culture), A&N Administration, Cellular Jail Complex or email to and.nic.in, a press release from Department of Art & Culture said.

DSS conducts Mock Drill on boat capsized scenario at Marine Dockyard

Sri Vijaya Puram, Oct. 12

In line with the directive issued by the Chief Secretary, A&N Administration to conduct monthly mock drills across Departments for strengthening preparedness and promoting discipline, the Directorate of Shipping Services (DSS) conducted a Mock Drill on a Boat Capsized scenario.

The drill was conducted on Oct. 10 at the Marine Dockyard, simulating the capsizing of the vessel 'ML Ramakrishna'. The exercise was conducted under the overall supervision of the Incident Commander, Shri. B. C. Sarkar, Deputy Director (Shipping Services).

The drill saw active participation from the disaster management team of DSS. As part of the exercise, a total of 20 personnel, simulating

passengers and employees, were successfully evacuated to the designated safe area in the Passenger Hall. The scenario involved a coordinated search and rescue operation, where the team boarded 'MV Mohit' with essential equipment including a Portable DG Set, Pump Set, and Life Jackets to respond to the simulated emergency.

During the exercise, two cases of minor injuries were simulated and attended to by the first aid team, which was on standby with a

Medical First Aid Kit. The entire operation was carried out in a coordinated manner, showcasing efficient response protocols and teamwork.

The Directorate remains committed to ensuring the safety of all passengers, personnel, and marine assets by conducting such preparedness drills. These exercises aim to build a robust culture of readiness and resilience against a spectrum of marine emergencies, including boat capsized incidents, a press release from DSS said.

Block Level Training prog. on 'Role of Gram Panchayats in ensuring good health & preventing diseases' organized

Sri Vijaya Puram, Oct. 12

A Block Level Training programme on 'Role of Gram Panchayats in ensuring good health, well-being, and preventing diseases and awareness on mental and physical health' was organized on Oct. 8 at the CMTC Building, Ferrargunj, by Block Development Office, Ferrargunj, under Rashtriya Gram Swaraj Abhiyan (RGSA).

The programme aimed to strengthen the capacity of Gram Panchayats and health functionaries in promoting community health and hygiene at the grassroots level. It brought together Pradhans, Panchayat Secretaries, ANMs, Anganwadi Workers, and members of Gram Panchayat Health and Sanitation Committees, with a total participation of 86 attendees.

In her opening speech, Smti. Saakshi Saha, BPM, Ferrargunj outlined the objectives of the training and emphasized the proactive role of Gram Panchayats in spreading awareness on mental and physical health. This was followed by an introductory session by Miss C. Vijaya, Domain Expert (Women Empowerment), who provided an insightful overview on the theme. Shri Madan Singh, Health Educator, AAM Ferrargunj stressed on preventive healthcare practices and the need for behavioral change at the

community level.

An interactive activity session was conducted by Smti. Fathima Zohra, Public Health Nurse. Smti. Lalita Tigga, BDO Ferrargunj also spoke on the occasion and distributed prizes to the winners of various activities. Smti. Kakoli Ghosh (Panchayat Secretary, Wandoor) got the first prize, Smti. Grace Toppo (ANM, AAM Ferrargunj) got second prize and Shri Mohd. Jabir (PS Ferrargunj and Brindaban) got third prize, a press release from BDO Ferrargunj said.

Awareness prog. on World Dyslexia Day held at GPS Talbagan

Diglipur, Oct. 12

The Block Project Office, Diglipur, under Inclusive Education, Samagra Shiksha, organized an Awareness Programme on World Dyslexia Day at GPS Talbagan, Diglipur, to spread awareness and understanding about Dyslexia-a specific learning disorder that affects reading, writing, and spelling skills. The event focused on the theme "Understanding Dyslexia: Early Support for Lifelong Success."

A total of 51 participants, including

parents, teachers, students, SMC/SMDC members, and Anganwadi Workers, attended the programme with great enthusiasm.

The event reflected the commitment of the Education Department

towards promoting inclusive education and ensuring that every child, regardless of learning differences, receives the right support for lifelong learning success, a press release from BPO Diglipur said.

ANPCC extends deadline for industrial

(Contd. from page 1)

be entertained after October, 31, 2025 from units that failed to obtain CTE prior to establishment.

All stakeholders and industrial entrepreneurs are reminded that it is a statutory requirement to obtain CTE before establishing an industry and CTO before commencing operations. Applications for both consents must be submitted online via the portal: www.anocmms.nic.in. Failure to comply within the extended timeline will invite strict action under the Environment (Protection) Act, 1986, a press release from ANPCC said.

State Library organizes Monsoon Book

(Contd. from page 1)

competitive exam resources, along with a spacious and peaceful reading area. She further informed the students that weekly programmes would continue to be organized for their benefit.

Prizes were distributed to the winning students of the Word Building Competition, Picture Hunt and Draw your book competitions as a token of appreciation and motivation.

The program ended with a vote of thanks proposed by Shri. Anbarasan, Incharge State Library, a press release from State Library said.

India's Great Nicobar project aims to be.....

(Contd. from page 1)

Economic gateway

Experts see the project as a move to capture 20-30% of regional cargo currently routed through foreign hubs, reducing India's dependence on ports like Singapore and Colombo.

But beyond commerce, the project carries a strategic undertone. Situated at the southeastern edge of the Indian archipelago, Great Nicobar sits close to the Six Degree Channel, a crucial shipping corridor. The port could serve as India's frontline base in the eastern Indo-Pacific, enhancing surveillance and response capacity amid increasing Chinese naval activity.

"This is India's counter to China's 'string of pearls' - not through confrontation, but by creating hubs of connectivity and commerce," said Collins, adding that the island's deep natural harbour gives it a logistical edge. (Source: www.businesstoday.in)

World Sight Day observed at GPS Nabagram, Diglipur

Diglipur, Oct. 12

As part of the observance of World Sight Day, the Block Project Office, Diglipur, under Inclusive Education, Samagra Shiksha, organized an Eye Screening Camp at GPS Nabagram, Diglipur, for students and teachers.

Ms. Rina Biswas, H.M (P) presented inaugural address while Ms. Chandni Yadav, Optometrist, delivered

informative orientation session on the 'Importance of Eye Health', highlighting the need for regular vision check-ups and preventive eye care practices. A dedicated medical team from PHC Kalighat, comprising Dr. Shipra Mistry (Ayurveda), Ms. Chandni Yadav (Optometrist), and Ms. Priya (CHO), conducted the eye examinations, a press release from BPO, Diglipur said.

World Mental Health Day observed at PM SHRI GMSSS Sitanagar, Diglipur

Diglipur, Oct.12

As part of the observance of World Mental Health Day, the Block Project Office, Diglipur, under Inclusive Education, Samagra Shiksha, organized an Awareness Programme at PM SHRI GMSSS Sitanagar to promote mental health awareness among students, teachers, and the community.

The event aimed to create awareness

among parents, teachers, students, SMC/SMDC members, Anganwadi Workers, and other stakeholders about the 'Mental Health matters: Building Awareness and support for all'. The event reaffirmed the commitment towards promoting Inclusive Education and fostering a supportive environment for mental well-being across schools in Diglipur, a press release from BPO, Diglipur said.

The candidates must write their Name, Mobile No. and age. For any queries, one may contact at Phone: 9933283864 & 9476003672, a press release from NTCP said.

Curbing Cyber Frauds in Digital India

"I dream of a Digital India where cyber security becomes an integral part of our national security"

- Prime Minister, Shri Narendra Modi

Key Takeaways

- Over 86% of households are now connected to the internet. Cybersecurity incidents in India rose from 10.29 lakh in 2022 to 22.68 lakh in 2024.
- Union Budget 2025-2026 allocated Rs. 782 crore for cybersecurity projects.
- Over 9.42 lakh SIM cards and 2,63,348 IMEIs linked to cyber frauds have been blocked.
- A dedicated helpline 1930 offers immediate cybersecurity assistance.

Introduction

India's cyberspace is busier than ever, carrying crores of transactions and interactions every day. Over 86% of households are now connected to the internet, reflecting the remarkable progress under the Digital India initiative. The expanding digital landscape has enabled citizens to access digital services at their fingertips. At the same time, it has also widened the attack surface for cyber frauds, making cybersecurity a national priority.

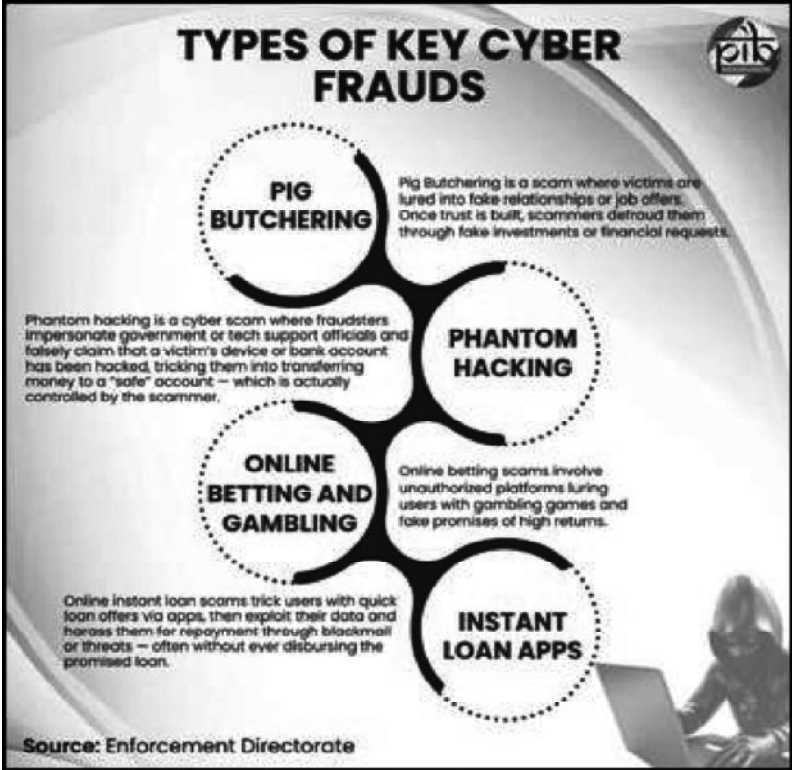

Cyber frauds refer to deceptive activities carried out through digital platforms such as unauthorized access, data theft, or online scams, which are often intended to cause financial loss to victims.

The surge in cybersecurity incidents from 10.29 lakh in 2022 to 22.68 lakh in 2024 reflects the growing scale and complexity of digital threats in India. At the same time, the financial toll is becoming more pronounced, with cyber frauds amounting to Rs. 36.45 lakh reported on the National Cyber Crime Reporting Portal (NCRP) as of 28 February, 2025. While the numbers point to increasing challenges, they also highlight remarkable progress in the nation's detection and reporting mechanisms.

Tracing Cyber Fraud Patterns

The evolving landscape of cyber frauds shows that frauds are not confined to a single method but take diverse forms, often adapting to new technologies and user behaviour. Mapping these patterns is crucial to enable preventive measures. The staggering financial impact across the world is underscoring fraudsters' global reach and the involvement of organized crime, often linked to fraud factories in Southeast Asia.

Emerging Cyber Threats

- Techniques like spoofing, where criminals act like trusted sources, are showing up in multiple fraud reports. Likewise, cases of deepfakes leveraging AI (Artificial Intelligence) and phishing, where individuals are lured into revealing sensitive information through deceptive emails or messages, are also on the rise amplifying the overall impact of scams.
- Unified Payments Interface (UPI), India's most preferred digital payment mode, has also been targeted by fraudsters using compromised mobile numbers. To address this issue, the Department of Telecommunications (DoT) launched the Financial Fraud Risk Indicator (FFRI), which classifies suspicious numbers as Medium, High, or Very High-risk.
- Illicit digital ventures have also emerged in the form of online betting apps, luring users into depositing funds in their online wallet to play such games with fake promises of large returns, generating over 7400 crores in criminal proceeds.

Strengthening India's fight against cyber frauds, the Promotion and Regulation of Online Gaming Bill, 2025 was passed on 21st August 2025. This legislation is designed to encourage e-sports and social online games while imposing a complete ban on online money gaming, including their promotion, advertisements, and financial transactions.

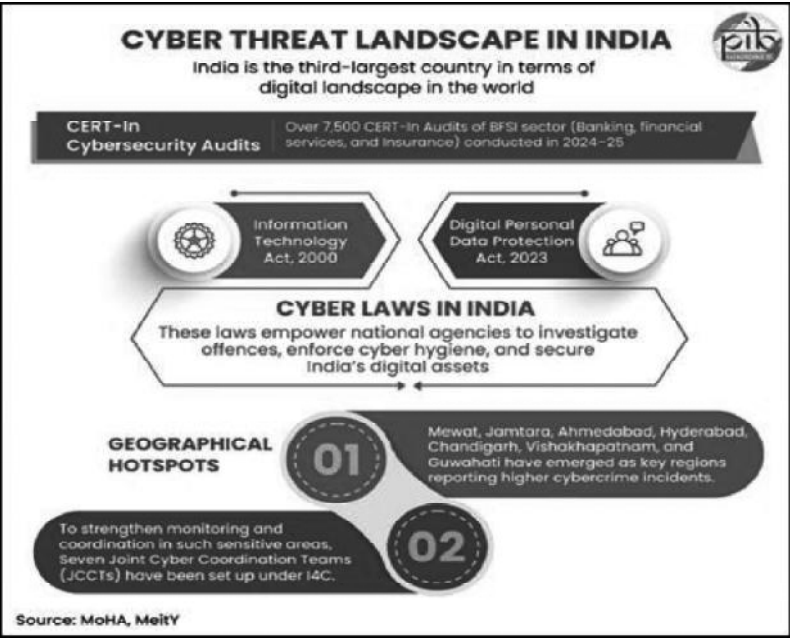

India's Cybersecurity Framework

The Government of India has implemented strong defence mechanisms aimed at safeguarding its vast online community. Indians are increasingly integrating the internet into their daily lives, relying on it for essential needs such as business transactions, education, financial activities, and accessing government services digitally. Over 1,05,796 police officers are now registered on the CyTrain portal, with more than 82,704 certificates issued, equipping frontline personnel with essential cybercrime investigation skills.

Cyber Laws Securing Cyber Space

Recognizing the critical importance of a secure digital environment, India's Cybersecurity framework is underpinned by key legislations, notably:

- Information Technology Act, 2000 serves as the bedrock of India's cyber law framework. It addresses offences like identity theft, impersonation, cheating by personation through computer resources, and dissemination of obscene or harmful material. These provisions are vital in prosecuting fraudsters who exploit digital platforms for financial gain, while also empowering authorities to block malicious websites and fraudulent applications.
- Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Rules, 2021 ensure accountability of social media intermediaries, digital platforms, and online marketplaces. It addresses emerging misuse of technologies, including AI and mandate the removal of unlawful content from platforms.
- Digital Personal Data Protection Act, 2023: requires that all personal data be handled lawfully and with user consent, making India's digital landscape safer and more accountable for everyone. The Act places strict obligations on data fiduciaries to ensure security safeguards, thereby reducing the risks of unauthorised access or misuse. So far, more than 9.42 lakh SIM cards and 2,63,348 IMEIs (International Mobile Equipment Identity) linked to fraudulent activities have been blocked.

Responding to Cyber Incidents

Indian Computer Emergency Response Team (CERT-In) is the national agency for responding to cybersecurity incidents. It monitors cyber threats, detect vulnerabilities, and issue necessary advisories. Upon identification of incidents such as data breaches, phishing campaigns, or malware intrusions, CERT-In disseminates alerts and prescribes remedial measures to affected organisations. This proactive mechanism ensures timely containment of risks and enhances resilience across government, industry, and critical service providers. As of March 2025, CERT-In facilitated 109 cybersecurity mock drills, engaging 1,438 organizations from different states and sectors to assess cyber readiness and build resilience.

Protecting Critical Infrastructure

National Critical Information Infrastructure Protection Centre (NCIIPC), designated under Section 70A of the Information Technology Act, 2000, is the national nodal agency for the protection of critical information infrastructure in India. It works in close coordination with stakeholders in sectors such as banking, telecom, power, and transportation, which are vital to national security and public safety. Through continuous monitoring, risk assessment, and issuance of sector-specific guidelines, NCIIPC strengthens defensive capabilities and mitigates threats that could otherwise compromise essential services.

Strengthening Law Enforcement Capacity

The Indian Cybercrime Coordination Centre (I4C), established under the Ministry of Home Affairs, provides a comprehensive framework to enable Law Enforcement Agencies (LEAs) to deal with cybercrimes in an organised and coordinated manner. It supports capacity-building through specialised training programmes, research, and development of technical tools. It also facilitates real-time information sharing and coordinated investigations, enabling effective action against cybercriminal networks, including those engaged in financial frauds and other organised cyber offences. So far, I4C has proactively blocked 3,962 Skype IDs and 83,668 WhatsApp accounts linked to cyber frauds.

Cybersecurity Initiatives: Governance in Action

In an effort to bolster India's cyber defences, the Union Budget 2025 has allocated Rs. 782 crore for cybersecurity projects. This significant move highlights government's heightened focus on cyber threats that pose risk to the national security. Through the Citizen Financial Cyber Fraud Reporting and Management System (CFCFRMS), financial institutions have been able to save more than Rs. 5,489 crore in over 17.82 lakh complaints.

National Cyber Crime Reporting Portal

To strengthen citizen participation in the fight against cybercrime, the Government has operationalised the National Cyber Crime Reporting Portal (www.cybercrime.gov.in). The portal enables citizens to report complaints relating to various categories of cybercrime, with a special focus on offences targeting women and children. A dedicated cybercrime helpline number 1930 provides immediate assistance to victims of online financial frauds by facilitating prompt reporting and, where possible, freezing of fraudulent transactions. Together, these initiatives serve as an accessible and responsive grievance redressal mechanism for citizens.

National Mission on Interdisciplinary Cyber-Physical Systems (NM-ICPS)

NM-ICPS plays a pivotal role in combating cyber frauds by promoting advanced research and innovation in cybersecurity, artificial intelligence, etc. By supporting the development of tools, platforms, and methodologies for threat detection, the mission

strengthens India's ability to identify and prevent cyber frauds targeting individuals, businesses, and critical infrastructure. Collaboration between academic institutions, industry, and government under NM-ICPS also accelerates solutions to emerging and sophisticated cyber threats, including financial frauds, phishing, and identity-based crimes.

Cyber Crime Prevention Against Women and Children (CCPWC) Scheme

The CCPWC scheme addresses cyber frauds targeting vulnerable sections, particularly women and children. With financial support of Rs. 132.93 crore, the scheme has established cyber forensic-cum-training laboratories across 33 States and Union Territories. These laboratories have trained over 24,600 personnel in cybercrime investigation, digital forensics, and preventive measures. Through enhanced awareness, early detection, and rapid response capabilities, CCPWC strengthens the capacity of law enforcement to prevent online frauds, scams, and exploitation of women and children, ensuring a safer digital environment.

Cyber Crisis Management Plan (CCMP)

To strengthen preparedness against cyber-attacks and cyber-terrorism, the Government has initiated CCMP for all government bodies. The plan serves as a strategic framework to ensure coordinated recovery from any cyber crisis. So far, 205 workshops have been conducted across the country to build capacity and awareness under this framework.

Samanvaya Platform

The Samanvaya Platform strengthens cyber fraud investigations by providing analytics-based interstate linkages of criminals and crimes. Its 'Pratibimb' module maps locations of criminals and crime infrastructure, giving officers actionable visibility. So far, it has led to the arrest of 12,987 accused, 1,51,984 criminal linkages, and 70,584 cyber investigation assistance requests, helping dismantle organised cyber fraud networks efficiently.

Sahyog Portal

Sahyog Portal provides a centralized platform for addressing unlawful online content. It enables the automated issuance of removal notices to intermediaries, ensuring swift action against harmful material circulating in cyberspace. It brings together all authorised agencies across India onto a single interface, thereby strengthening the government's ability to respond effectively to unlawful content in a timely manner.

Cybersecurity Exercises

The Bharat National Cybersecurity Exercise 2025 was conducted from 21st July to 01st August, reaffirming India's commitment to strengthening its cyber resilience. The exercise brought together over 600 participants, including cybersecurity professionals, regulators, and policymakers. The highlight of this exercise was STRATEX, a simulated national cyber breach designed to test real-time inter-agency coordination and decision-making.

As India celebrates its rapid 5G rollout, with 1.2 billion mobile subscribers and 970 million internet users, the focus on secure, inclusive, and scalable digital ecosystems reinforces the country's position as a global hub for trusted and transformative digital infrastructure.

Forward Path: Cyber Awareness

To strengthen public awareness on cyber-crimes, the Government has taken a multi-platform outreach strategy.

- The Government has launched citizen-centric outreach campaigns through radio, newspapers, and metro announcements, to caution people about cyber frauds.
- The National Cyber Coordination Centre (NCCC) has been set up by CERT-In to generate necessary situational awareness of existing and potential cyber security threats.
- Engaging the public by conducting Cyber Safety and Security Awareness Weeks through MyGov platform.
- A Handbook for Adolescents and Students is published to guide

young people on cyber safety and security.

- Use of social media to spread cyber awareness and safe practices to prevent cybercrime.

Conclusion

India is at the crossroads of digital transformation and cyber threats, where it has become both an iron pillar of progress and a magnet for cyber fraudsters. Realising the vision of Digital India, the government's multi-layered cyber response team is facilitating fraud prevention and disrupting thousands of scam operations. Advanced forensics, big data analytics, and indigenous tools have bolstered national cyber resilience. Yet, securing India's cyberspace is a shared responsibility where the government and citizens must act together in this combat against cyber frauds. (Source: PIB)
