## Ayushman Bharat PM-JAY-Transforming Healthcare

### Enhancing Healthcare Access for 12 Crore Families with Rs. 5 Lakh Coverage

New Delhi, Oct. 20

Launched on September 23, 2018, by Prime Minister, Shri Narendra Modi, the Ayushman Bharat Pradhan Mantri Jan Arogya Yojana (AB PM-JAY) has been a cornerstone of India's commitment to achieving Universal Health Coverage (UHC). As a key component of the Ayushman Bharat initiative, which emerged from the National Health Policy 2017, PM-JAY has transformed the healthcare landscape by providing health coverage to the country's most vulnerable. With an ambitious goal of covering over 12 crore families, or nearly 55 crore individuals, PM-JAY has become the largest health assurance scheme in the world, offering comprehensive secondary and tertiary care hospitalisation benefits of up to Rs. 5 lakh per family annually.

Over the past six years, PM-JAY has sought to address the deep-rooted health inequities in India, prioritising the poorest 40% of the population based on the Socio-Economic Caste Census 2011. This initiative marked a paradigm shift from segmented healthcare services to an integrated, need-based approach, aligning with the nation's commitment to the Sustainable Development Goals (SDGs) and ensuring that "no one is left behind."

## Indemnifying all beneficiaries of sterilization, Doctors and Health facilities under Family Planning Indemnity Scheme

**Staff Correspondent**

Sri Vijaya Puram, Oct. 20

To build the confidence of clients, it is necessary to provide them safeguards against adverse events. Sterilization services are largely provided through public and accredited Pvt./NGO health facilities. There is a continuing concern about the number of adverse events following sterilization as well as litigations faced by the facilities/doctors against such cases. To mitigate this, the Government of India introduced the National Family Planning Insurance Scheme which was later modified as Family Planning Indemnity Scheme (FPIS), now operational through State NHM Program Implementation Plan instead of private sector insurance company.

The objective of the Family Planning Indemnify Scheme is to indemnify all beneficiaries of sterilization, doctors and health facilities (public and accredited private/NGO) conducting sterilization operation in the unlikely event of death/failure/complication following sterilization operation. Recently, on compliance of directives of Hon'ble Supreme Court of India with respect to the doubling of compensation under Family Planning Indemnity Scheme (FPIS) and to share the burden thereof equally by the Govt. of India and the respective State Government, the UT Administration of A&N Islands has notified the doubling of ex-compensation fixed under Family Planning Indemnity Scheme under Section 1 (A-D) with effect from October 15, 2020 issue of the Notification in respect of claims being settled hereafter.

### Ayushman Bharat PM-JAY- Transforming...

(Contd. from page 1)

for healthcare services at par with private hospitals, ensuring equitable care delivery across all sectors.

#### Free Health Coverage for All Seniors 70+

In a landmark decision, the Union Cabinet approved an expansion of the Ayushman Bharat Pradhan Mantri Jan Arogya Yojana (AB PM-JAY) on September 11, 2024, offering comprehensive health insurance to senior citizens aged 70 and above. This move will provide free health coverage of up to Rs. 5 lakh per family, regardless of income, benefiting around 6 crore senior citizens across 4.5 crore families.

Under this expansion, all senior citizens in this age group will receive a new distinct card under AB PM-JAY to access the scheme's benefits. For senior citizens aged 70 and above who already belong to families covered by AB PM-JAY, an additional top-up cover of Rs. 5 lakh per year will be provided exclusively for their use, separate from the rest of the family. Those who are not part of the existing scheme will receive Rs. 5 lakh of annual coverage on a family basis.

Moreover, senior citizens already covered under public health insurance schemes like the Central Government Health Scheme (CGHS), Ex-Servicemen Contributory Health Scheme (ECHS), or Ayushman CAPF will have the option to either continue with their existing scheme or opt for AB PM-JAY. Additionally, those under private health insurance policies or the Employees' State Insurance scheme will also be eligible to avail the benefits of AB PM-JAY.

As of September 9, 2024, the Ayushman Bharat Pradhan Mantri Jan Arogya Yojana (AB PM-JAY) has significantly improved healthcare accessibility across India. Over 35.4 crore Ayushman cards have been issued, empowering millions of families with health coverage. The scheme is operational in 33 States and Union Territories, except NCT Delhi, West Bengal, and Odisha.

A key accomplishment is the authorisation of 7.79 crore hospital admissions, providing Rs. 1,07,125 crores in financial coverage. Gender-wise utilisation shows that 49% of the Ayushman cards have been issued to women, and 3.61 crore hospital admissions have been utilised by women, reflecting the scheme's role in supporting gender equity in healthcare.

The scheme's portability feature allows beneficiaries to avail treatment at any empanelled hospital across India, regardless of their home State. Notably, 11.9 lakh hospitalizations worth Rs. 3,100 crores have been authorized under this portability feature, enhancing accessibility for beneficiaries nationwide. Furthermore, AB PM-JAY has successfully empanelled 30,529 hospitals across the country, with 17,063 public and 13,466 private hospitals, ensuring beneficiaries have a wide network of healthcare facilities to choose from.

As of September 1, 2024, the Ayushman Bharat PM-JAY has facilitated a diverse array of medical procedures, with significant hospital admissions authorized across various specialties. Here's a detailed breakdown of some key procedures and their associated hospital admission counts and financial coverage:

#### A Legacy of Transformation

Celebrating six years of the Pradhan Mantri Jan Arogya Yojana (PM-JAY) highlights the countless lives touched and the communities empowered by this transformative initiative. The strides made toward a more inclusive healthcare system are evident in the positive changes experienced across the nation.

#### Families Saving More, Stressing Less on Healthcare

The Ayushman Bharat program has led to a remarkable 21% reduction in out-of-pocket healthcare expenditures and an 8% decrease in the incidence of emergency loans taken for health-related expenses. This relief allows families to focus on their well-being without the burden of financial stress.

#### Life-Saving Treatments Now Affordable

Under PM-JAY, access to high-frequency, low-cost, life-saving procedures, such as dialysis, which typically costs Rs. 10,000-15,000 per session, has become significantly more affordable for low-income families. This initiative has alleviated financial burdens, ensuring that essential treatments are within reach.

#### District Hospitals Get Serious Cash Flow

District hospitals have experienced substantial financial gains, with an annual net benefit of \$26.1 million. Projections suggest potential growth could increase this figure to \$41.8 million, resulting in average net annual earnings of \$169,607 per hospital. This financial boost enhances the capacity of hospitals to serve their communities effectively.

#### Impact of Ayushman Bharat on Finances

Without AB PM-JAY, the total cost of treatment would have been 1.5 to 2 times higher, leading to savings of over Rs. 1.25 lakh crore in out-of-pocket expenses and facilitating 7.37 crore free hospital admissions. This impact underscores the scheme's role in transforming healthcare access and affordability.

#### Increase in Eye Care Procedures: Enhancing Vision for More Lives

The legacy of PM-JAY is also reflected in the significant increase in eye care procedures, enhancing vision for countless individuals and reaffirming the commitment to comprehensive health coverage for all. The transformative impact of PM-JAY continues to pave the way for a healthier, more equitable society.

The Ayushman Bharat Pradhan Mantri Jan Arogya Yojana (PM-JAY) stands as a testament to India's commitment to equitable healthcare for all, particularly the most vulnerable populations. Over the past six years, this pioneering initiative has significantly transformed the healthcare landscape, providing essential coverage to millions and reducing financial burdens associated with medical expenses. The expansion of benefits to senior citizens and the comprehensive nature of the scheme underscores its commitment to inclusivity and accessibility. As PM-JAY continues to evolve, it not only addresses the immediate healthcare needs of families but also lays the groundwork for a healthier future, ensuring that no one is left behind. The legacy of PM-JAY is one of hope and resilience, as it strives to build a robust healthcare system that prioritizes the well-being of every citizen in India. (Source: PIB)
