Artificial Intelligence: Transforming India's Education Landscape

Skilling for AI Readiness (SOAR) fostering AI-driven education and skill development

New Delhi, Oct. 22 (PIB)

The global workforce is undergoing a profound transformation driven by advances in AI, machine learning, data science, and automation. As AI becomes embedded in industries such as healthcare, finance, education, manufacturing, and public services, there is an urgent need for broad-based AI literacy and specialised talent. The Skilling for AI Readiness (SOAR) program in India represents a strategic initiative by the Ministry of Skill Development and Entrepreneurship (MSDE) to integrate artificial intelligence competencies into India's educational framework. This aligns with the Government's goal to lead in global technological advancements. Launched in July 2025, this program coincides with the 10-year milestone of the Skill India Mission, which has empowered people through various skilling schemes since 2015, including expansions into emerging domains like AI under the Pradhan Mantri Kaushal Vikas Yojana (PMKVY) 4.0.

SOAR's Mission: Empowering the Future

♦ **Foster AI awareness:** The SOAR initiative prioritises cultivating AI literacy among school students and educators. By introducing foundational AI concepts, such as machine learning (ML) basics and ethical AI use, the program aims to spark curiosity and aspiration among young learners, preparing them for a tech-driven future. For educators, SOAR provides specialised training to incorporate AI modules into existing curricula, ensuring effective delivery and alignment with industry needs.

♦ **Support Economic Self-reliance:** SOAR strategically supports India's vision of economic self-reliance (Atmanirbhar Bharat) by equipping youth with skills for high-demand sectors like IT, digital innovation, and AI-driven industries. The initiative aligns with national priorities under

flagship schemes like PMKVY 4.0, which focuses on skilling for emerging technologies to enhance employability and entrepreneurship.

♦ **Build a Tech-driven India:** SOAR's long-term vision is to position India as a global leader in AI by preparing its youth for AI-driven careers and entrepreneurial ventures. By fostering a robust ecosystem of AI-literate students and educators, the initiative aims to create a pipeline of skilled professionals for roles in AI development, data analytics, and tech innovation.

Artificial Intelligence is revolutionising India's education sector by fostering innovation, enhancing digital literacy, and preparing students for a technology-driven future. In line with the recommendations of the National Education Policy (NEP) 2020, AI is being seamlessly integrated into classrooms and skill development frameworks. Some of the key developments driving this transformation include:

♦ **AI in School Curriculum:**

The National Education Policy (NEP) 2020 emphasises the inclusion of contemporary subjects like Artificial Intelligence (AI) in school curricula, at appropriate stages, to foster innovation and digital literacy among students. The Central Board of Secondary Education (CBSE) has already implemented AI as a subject in affiliated schools. Introduced in Class IX starting from the 2019-2020 academic session and extended to Class XI from the 2020-2021 session, it focuses on practical applications like skill development and personalised learning tools.

♦ **Establishment of Centre for Excellence in AI:**

The Government of India is establishing a Centre for AI Excellence as a key initiative to advance AI adoption in education. The aim is to leverage AI for Indian languages, promoting critical thinking in classrooms, and transitioning from traditional teaching methods to technology-driven approaches like "from chalkboards to chipsets."

This Centre will support broader national efforts to build AI infrastructure and human resources. This also includes recommendations for All India Council for Technical Education (AICTE)-approved institutions to offer AI as an elective in various educational courses.

36.1 Applicant shall submit building plan applications along with relevant documents and fees through Registered Technical Professional (RTP) in OBPAS portal as per the existing procedure in vogue with the addition of a signed Self Certification Proforma.

36.2 The Self Certification Proforma-Appendix-II F shall be signed by both the applicant and RTP and uploaded in OBPAS portal.

36.3 OBPAS portal will scrutinize the submission and the application will be forwarded to the Andaman & Nicobar Command/ Airport Authority for obtaining No Objection Certificate. After obtaining the NOC, and after payment of necessary fee/charges as generated as per the fee structure mentioned at clause 3.9 of Sri Vijaya Puram Municipal Council Building Bye Laws 1999, the building permission will be generated accordingly.

36.4 The applicant may commence construction from the date of obtaining the permission in OBPAS.

37. Responsibilities of the Applicant and RTPs

37.1 It shall be the sole responsibility of the building owner to adhere to the approved building plan.

37.2 The RTP shall submit the details as per clause 3.10 of the Sri Vijaya Puram Building Bye-Laws 1999 at different stages of the construction in the OBPAS.

37.3 The Applicant and the Registered Technical Professional (RTP) shall jointly submit a joint declaration Proforma-Appendix-II H to the Authority, in the prescribed format, confirming that the construction up to that stage has been carried out strictly in accordance with the approved building plan and the provisions of these byelaws, and that no deviations or violations have

occurred.

The joint declaration proforma shall be submitted within thirty (30) days of reaching each specified stage of construction, as defined under Clause 3.10 of the Sri Vijaya Puram Municipal Council Building Bye laws, 1999. If either the Applicant or the RTP refuses to sign the joint declaration proforma due to any observed or suspected violation, they shall be duty-bound to inform the Competent Authority in writing, clearly stating the reasons for such refusal or non-compliance.

Failure to submit the joint declaration proforma or to notify the Competent Authority within the stipulated timeframe shall invite appropriate action against the deviated construction, as per the applicable provisions of the Sri Vijaya Puram Municipal Council Building Bye laws, 1999.

37.4 It will be the responsibility of the Applicant to ensure that the building is constructed in accordance to the sanctioned building plan adhering to the provisions of Sri Vijaya Puram Building Bye laws 1999 and Master Plan for Sri Vijaya Puram 2030.

37.5 RTPs shall ensure that they don't endorse any misrepresentation of documents or facts.

37.6 RTPs shall ensure that master plan, zoning regulations and Sri Vijaya Puram Municipal Council Building Bye laws, 1999 are adhered to and no plan is approved in restricted zones in Masterplan.

37.7 RTPs shall ensure that building permissions are not issued for sites under litigation, unless the case has been disposed of by the Hon'ble Court.

37.8 RTPs shall ensure that all fees/charges as per the published fee/Charges gazette is generated and paid by applicant.

37.9 RTPs are liable for misrepresentation of on Ground report and necessary action will be initiated against them as per the prevailing act provisions.

39. Action for Wrong Information/ misrepresentation:

The onus to ensure authenticity of self-declaration and compliance with the Self Certification lies with the Applicant and Registered Technical Professional.

39.1 If the permission accorded is found to be obtained through misrepresentation, then

(a) The permission shall be revoked by the Competent Authority

(b) construction made on such sites shall be treated as unauthorized construction and action shall be taken as per rules in vogue.

(c) Action will be taken against RTP and Applicant as per the prevailing provisions in the rules:

(i) The Applicant or the RTP will be held personally responsible and accountable in case of false declaration.

(ii) The Applicant and the Registered Technical Professional will be liable for punishment which includes:

a) RTP will be revoked from OBPAS for a period of 5 Years."

40. Miscellaneous

40.1 Enforcement shall be carried out in accordance with the provisions of the Sri Vijaya Puram Municipal Council Building Bye laws, 1999, as amended from time to time.

After Appendix-II E, the following shall be added:-
