Vice-President addresses World Tourism Day celebration at Vigyan Bhawan in New Delhi Bharat is a Global Tourism Destination; has tourism for all seasons: VP

New Delhi, Sept.27 (PIB)

The Vice-President of India, Shri Jagdeep Dhankhar, today said that India, that is Bharat, is now a favorite global tourism destination. "From the land of spirituality, sublimity, and 5,000 years of civilizational ethos, tourists can experience all seasons, all year round." Highlighting the exponential progress India has made over the last decade, Shri Dhankhar stated that tourism, as an engine of economic growth, holds significant potential to drive Bharat towards becoming a developed nation by 2047.

Delivering the inaugural address on the occasion of World Tourism Day at Vigyan Bhawan, New Delhi today, the Vice-President

underscored the vital role of tourism in fostering global peace, economic development, and cultural exchange, stating that tourism connects the bonds of humanity, which are much needed in today's world. "Tourism contributes massively to peace. The entire world is yearning for peace, and any conflagration

anywhere is a pain for all, disrupting supply chains and economies", he remarked. The Vice-President called for tourism to follow the success story of Bharat's digitisation revolution, stating, "If we go by global standards, if we manage to tap and exploit our tourist resource, then we will be solving three problems that will

exemplify a model to the entire world, just like our digitisation model." He highlighted three key areas tourism would impact: massive contributions to the economy, upskilling the workforce, and generating employment. "Every tourist comes with a dream. He wants a seamless experience and we must ensure our human resources are skilled to provide this", he noted.

Concluding his address, Shri Dhankhar called for a collective commitment to elevate Bharat's position on the global tourism map. He encouraged the formation of task forces to evaluate ground realities and generate results in various tourism sectors, stating, "There is no greater education than through travel, and no greater seamless connection than through tourism."

WORLD RABIES DAY 2024

World Rabies Day is celebrated every year in the Andaman and Nicobar Islands along with the rest of the world to commemorate the Death Anniversary of Louis Pasteur, a French Chemist and Microbiologist. World Rabies Day aims to raise awareness and advocate for rabies elimination globally.

It is an event designed to be inclusive, uniting people, organizations, and stakeholders across all sectors against rabies - because together we can eliminate Rabies! With this concept of, overcoming the challenges that prevent us from working together in mind, the theme for this year's World Rabies Day is:

"Breaking Rabies Boundaries". The theme highlights the critical need to go beyond the norm and to break through the boundaries that prevent us from achieving rabies elimination. We need to move beyond the status quo so that we can achieve our collective goal of Zero by 2030.

World Rabies Day acts as a crucial platform for collective action. From large-scale vaccination campaigns to educational initiatives and, policy advocacy, every effort is vital. We encourage individuals, organizations and Administration around the Islands to engage and contribute towards rabies elimination.

In India, the Andaman and Nicobar Islands are notably free from rabies. To uphold this status, we must continue rigorous disease surveillance, ensure consistent vaccination of pets, and strengthen cooperation among all stakeholders, including pet owners, animal welfare organizations and governing institutions such as Panchayats, Municipal Council and the Animal Husbandry and Veterinary Services Department of the UT Administration.

I extend my best wishes towards the endeavour.
