the concerned Registration Unit. It was further ascertained that K. Praveen Kumar was also born in mainland India. In view of the findings, and in exercise of the powers conferred under Section 15 of the Registration of Births and Deaths Act, 1969, the Chief Registrar has ordered cancellation of Registration No. 61/2009 (Order No. 4147 dated 12-12-2025) in respect of K. Priyadharsini, daughter of Shri K. Prem Kumar and Smti. K. Nirmala Jyothi. Similarly, the Registration No. 60/2009 (Order No. 4717 dated 29-01-2026) in respect of K. Praveen Kumar, son of Shri K. Prem Kumar and Smti. K. Nirmala Jyothi has also been cancelled.

Jal Utsav: Blending Culture, Tradition, and *(Contd. from page 1)*
infrastructure, comprehensive asset mapping through PM Gati Shakti, creation of a unified scheme database, and financial reconciliation to enhance transparency. He urged all districts to accelerate scheme handovers, strengthen community led processes under Rajya Jal Utsav and Lok Jal Utsav, and intensify efforts to ensure sustainable service delivery, reaffirming the commitment to achieving the vision of safe, adequate drinking water for every rural household.

A detailed presentation on Jal Utsav-Jal Mahotsav was made by Shri Y.K Singh, Director, NJJM. During the session he brought out that Jal Utsav will function as a multi-tiered public engagement framework to strengthen water sustainability as a people-led movement. He explained that the initiative seeks to reconnect water with local culture, traditions, and community experience, transforming conservation and sustainable use into a cultural expression anchored at the grassroots.

He informed that Jal Utsav will be celebrated through three verticals,
i. Jal Mahotsav at the National level,
ii. Rajya Jal Utsav at the State/UT level, and
iii. Lok Jal Utsav at the Gram Panchayat level.

The national Jal Mahotsav will be observed from 8th to 22nd March, coinciding with International Women's Day and culminating on World Water Day, with participation across all levels. States and Union Territories have been encouraged to organise Rajya Jal Utsav in alignment with their local context and timelines. At the village level, Lok Jal Utsav will be shaped by local customs, water-related traditions, and cultural practices, ensuring that celebrations reflect community identity.

These presentations showcased both achievements and ongoing challenges, underlining the diversity of approaches adopted to accelerate progress under Har Ghar Jal. In his concluding remarks, Shri K.K. Soan, AS&MD- NJJM, said the day's presentations had covered critical areas such as coverage, functionality, source sustainability, water quality, greywater management, desalination, and community ownership, and emphasized that the effectiveness of all these efforts ultimately rests on the leadership of District Collectors. He reiterated that at the cutting edge level where national policies translate into services it is the District Collector who ensures functionality, accountability, and timely resolution of challenges. He urged districts to make regular and active use of the District Water & Sanitation Mission (DWSM) Dashboard, which is now fully operational. He requested that DWSM meetings be held regularly every month with dashboard data reviewed beforehand and action points clearly recorded and followed up. He highlighted several priority areas requiring district attention, including Jal Seva Aaklan, Jal Arpan, Jal Utsav through community engagement, use of the Panchayat level dashboard, capacity building of Panchayat Secretaries, and strengthening of engineering teams and ensure functional DTUs. The 6th edition of District Collectors' Peyjal Samvad was attended by participants across the country including District Collector/ Deputy Commissioner/ District Officials, Mission Directors and State Mission Teams, from State/UTs.
